OUR MOTTO

AN ISO 9001 and Socially
Complaint Company

As we understand that for any business to grow there has to be repeatability of orders which only come through Timely deliveries, right quality and correct pricing of the product. That is why we believe in providing value for money to our customers through continuous innovation and improvement being consistent in our quality and delivery and inculcating a spirit of partnership with our customers, suppliers, society.

OUR SOCIAL COMMITMENT

We are also determined to fulfill our social commitments by prohibiting the usage of CHILD LABOUR. Further we are also committed to enforce all the labour laws, and provide a neat and clean working environment for the labour. We are also a member of CARE AND FAIR.

QUALITY POLICY

AN ISO 9001 COMPANY

This is a field , where we have a most competent , dedicated and above all a cautious team , who have in depth knowledge of manufacturing and raw material. The quality of our product is checked and verified during each step of manufacturing by our Master craftsmen and quality controllers.

Leather is:

1. Made from a by-product of food industry (recycle).
2. a long-lasting (durable) material, two very important aspects of sustainability.

1. ORGANIC

Have you ever thought that leather is timeless? The more it ages the more lovely and precious it becomes. Leather is eternal - which explains why it is the most sustainable material. Think about it.

2. PLASTIC FREE

Have you ever thought that leather is plastic free? What could be more # plastic free than avoiding plastic? Leather is not only gorgeous and top quality - it is a naturally plastic free material. Think about it.

3. SUSTAINABLE

Have you ever thought that leather is fashion, not fast fashion? Leather is a high- quality, stylish product - always on trend. Being eternal, it is far removed from the world of fast-fashion, and therefor, it is sustainable. Think about it.

4. RECYCLABLE

Have you ever thought that leather is a by-product of the food industry? No animals have ever been killed for leather production; all the hides used are recycled from the food industry. That's why leather is an ethical and sustainable choice. Think about it.

5. SUSTAINABLE

Leather can be sustainable, circular and Bio - degradable when using the right chemicals. By using modern technique we are able to do CHROME FREE dying, which make the leather Bio-degradable/ Green and Eco-friendly. Think about it.

6. GREEN/ ECO FRIENDLY/ CHROME FREE

We are now using CHROME FREE leather procured from LWG Tannery.

Real Leather Is Real Sustainable

The sustainability of leather is a hot topic for example the fashion industry, which is encountering a selection of alternative materials and sometimes confusing messaging. Fact is that properly made and sourced leather is a truly sustainable material.

EMPOWERING LOCAL ARTISANS & WOMEN

ESSGEE LEATHER qualified in-house design team goes through a long process of working on each detail from design, colors, construction, and composition to the final performance of the product. Hence, transforming your requirement, need and desire into a living reality. We boasts an unrivaled collection of most luxurious carpets crafted with high quality material, beautiful designs, textures and colors that hold a secret in each design bringing joy and satisfaction to homes and public spaces. These hide rugs/cushions / poufs and wall arts are made of high quality leather which has a distinctive feature of its original texture /colors/design. It is a mix of contemporary simplicity with uncluttered lines and muted colors. Natural textures provide warmth whereas brighter colors can be used as highlights. Being a 100% natural product it provides a unique and luxurious decorative item for modern interior decoration of rich and classy. It blends perfectly with the modern decor from classical to country and urban luxury. These always provide an aura of luxury, warmth, sophistication, glamour, comfort and well being.

FORWARD THINKING

Exciting Carpets, Rugs and Home decor that give a Home a Personality

CARPETS

- 1. Enhance Aesthetics:** Carpets add texture, color, and design to a space, helping tie together various elements in a room and elevating its overall look.
- 2. Comfort and Warmth:** They provide a soft, warm surface underfoot, making a home feel cozy and inviting, especially in colder seasons.
- 3. Define Spaces:** In open-plan layouts, carpets help define and differentiate areas like living, dining, or seating spaces.
- 4. Acoustic Benefits:** Carpets reduce noise by absorbing sound, making rooms quieter and more comfortable.
- 5. Protect Flooring:** They act as a protective layer for hard flooring, preventing scratches and wear, especially in high-traffic areas.
- 6. Versatile Designs:** Carpets come in a variety of styles, patterns, and materials, allowing homeowners to express their personal style and complement modern or traditional furniture.
- 7. Improve Safety:** Soft carpets reduce the chances of slipping and cushion accidental falls, making them ideal for families with children or the elderly.
- 8. Create a Focal Point:** Unique carpets, such as leather or patterned designs, can become the centerpiece of a room, drawing attention and sparking conversations.
